Each Offeror is requested to indicate its eMaryland Marketplace (eMM) vendor number in the Transmittal Letter (cover letter) submitted at the time of its Proposal submission to this RFP.

eMM is an electronic commerce system administered by the Maryland Department of General Services. In order to receive a contract award, a vendor must be registered on eMM. Registration is free. Go to <https://emaryland.buyspeed.com/bsol/login.jsp>, click on "Register" to begin the process, and then follow the prompts.

1.9 Questions

Written questions from prospective Offerors will be accepted by the Procurement Officer prior to the Conference. If possible and appropriate, such questions will be answered at the Conference. (No substantive question will be answered prior to the Conference.) Questions to the Procurement Officer shall be submitted via e-mail to the following e-mail address: dolline.serra@maryland.gov. Please identify in the subject line the Solicitation Number and Title. Questions, both oral and written, will also be accepted from prospective Offerors attending the Conference. If possible and appropriate, these questions will be answered at the Conference.

Questions will also be accepted subsequent to the Conference and should be submitted to the Procurement Officer (**see above email address**) in a timely manner prior to the Proposal due date. Questions are requested to be submitted at least five (5) days prior to the Proposal due date. The Procurement Officer, based on the availability of time to research and communicate an answer, shall decide whether an answer can be given before the Proposal due date. Time permitting, answers to all substantive questions that have not previously been answered, and are not clearly specific only to the requestor, will be distributed to all vendors that are known to have received a copy of the RFP in sufficient time for the answer to be taken into consideration in the Proposal.

Except as provided in COMAR 21.05.02.10, Proposals received after the due date and time listed in this section will not be considered.

Proposals may be modified or withdrawn by written notice received by the Procurement Officer before the time and date set forth in this section for receipt of Proposals.

Proposals may not be submitted by e-mail or facsimile. Proposals will not be opened publicly.

Vendors not responding to this solicitation are requested to submit the “Notice to Vendors” form, which includes company information and the reason for not responding (e.g., too busy, cannot meet mandatory requirements, etc.). This form is located in the RFP immediately following the Title Page.

1.12 Multiple or Alternate Proposals

Multiple and/or alternate Proposals will not be accepted.

1.13 Economy of Preparation

Proposals should be prepared simply and economically and provide a straightforward and concise description of the Offeror’s Proposal to meet the requirements of this RFP.

1.14 Public Information Act Notice

An Offeror should give specific attention to the clear identification of those portions of its Proposal that it considers confidential and/or proprietary commercial information or trade secrets, and provide justification why such materials, upon request, should not be disclosed by the State under the Public Information Act, Md. Code Ann., State Government Article, Title 10, Subtitle 6. (Also, see RFP Section 4.4.3.2 “Claim of Confidentiality”). This confidential and/or proprietary information should be identified by page and section number and placed after the Title Page and before the Table of Contents in the Technical Proposal and if applicable, separately in the Financial Proposal.

Offerors are advised that, upon request for this information from a third party, the Procurement Officer is required to make an independent determination whether the information must be disclosed.

1.15 Award Basis

The Contract shall be awarded to the responsible Offeror(s) submitting the Proposal that has been determined to be the most advantageous to the State, considering price and evaluation factors set forth in this RFP (see COMAR 21.05.03.03F), for providing the goods and services as specified in this RFP. See RFP Section 5 for further information.

Up to two (2) contracts will be awarded for this RFP. An Offeror may submit a proposal for Section 3.2.1, Section 3.2.2 or both. The work outlined in Section 3.2.1 and 3.2.2 may be included as part of a single response to this RFP covering both scopes (but each work plan must be priced separately - a financial form for both 3.2.1 and 3.2.2 has been supplied in the attachments); or as a separate submission covering work for only Section 3.2.1 or Section 3.2.2.

1.16 Oral Presentation

Offerors may be required to make oral presentations to State representatives. Offerors must confirm in writing any substantive oral clarification of, or change in, their Proposals made in the course of discussions. Any such written clarifications or changes then become part of the Offeror's Proposal and are binding if the Contract is awarded. The Procurement Officer will notify Offerors of the time and place of oral presentations.

1.17 Duration of Proposal

Proposals submitted in response to this RFP are irrevocable for 120 days following the closing date for submission of Proposals or best and final offers if requested. This period may be extended at the Procurement Officer's request only with the Offeror's written agreement.

1.18 Revisions to the RFP

If it becomes necessary to revise this RFP before the due date for Proposals, the Department shall endeavor to provide addenda to all prospective Offerors that were sent this RFP or which are otherwise known by the Procurement Officer to have obtained this RFP. In addition, addenda to the RFP will be posted on the Department's procurement web page and through eMM. It remains the responsibility of all prospective Offerors to check all applicable websites for any addenda issued prior to the submission of Proposals. Addenda made after the due date for Proposals will be sent only to those Offerors that submitted a timely Proposal and that remain under award consideration as of the issuance date of the addenda.

Acknowledgment of the receipt of all addenda to this RFP issued before the Proposal due date shall be included in the Transmittal Letter accompanying the Offeror's Technical Proposal. Acknowledgement of the receipt of addenda to the RFP issued after the Proposal due date shall be in the manner specified in the addendum notice. Failure to acknowledge receipt of an addendum does not relieve the Offeror from complying with the terms, additions, deletions, or corrections set forth in the addendum.

1.19 Cancellations

The State reserves the right to cancel this RFP, accept or reject any and all Proposals, in whole or in part, received in response to this RFP, to waive or permit the cure of minor irregularities, and to conduct discussions with all qualified or potentially qualified Offerors in any manner necessary to serve the best interests of the State. The State also reserves the right, in its sole discretion, to award a Contract based upon the written Proposals received without discussions or negotiations.

1.20 Incurred Expenses

The State will not be responsible for any costs incurred by any Offeror in preparing and submitting a Proposal, in making an oral presentation, in providing a demonstration, or in performing any other activities related to submitting a Proposal in response to this solicitation.

1.21 Protest/Disputes

Any protest or dispute related, respectively, to this solicitation or the resulting Contract shall be subject to the provisions of COMAR 21.10 (Administrative and Civil Remedies).

1.22 Offeror Responsibilities

The selected Offeror shall be responsible for all products and services required by this RFP. All subcontractors must be identified and a complete description of their role relative to the Proposal must be included in the Offeror's Proposal. If applicable, subcontractors utilized in meeting the established MBE or VSBE participation goal(s) for this solicitation shall be identified as provided in the appropriate Attachment(s) of this RFP (see Section 1.33 "Minority Business Enterprise Goals" and Section 1.41 "Veteran-Owned Small Business Enterprise Goals.").

If an Offeror that seeks to perform or provide the services required by this RFP is the subsidiary of another entity, all information submitted by the Offeror, including but not limited to references, financial reports, or experience and documentation (e.g. insurance policies, bonds, letters of credit) used to meet minimum qualifications, if any, shall pertain exclusively to the Offeror, unless the parent organization will guarantee the performance of the subsidiary. If applicable, the Offeror's Proposal shall contain an explicit statement that the parent organization will guarantee the performance of the subsidiary.

A parental guarantee of the performance of the Offeror under this Section will not automatically result in crediting the Offeror with the experience and/or qualifications of the parent under any evaluation criteria pertaining to the Offeror's experience and qualifications. Instead, the Offeror will be evaluated on the extent to which the State determines that the experience and qualification of the parent are transferred to and shared with the Offeror, the parent is directly involved in the performance of the Contract, and the value of the parent's participation as determined by the State.

1.23 Substitution of Personnel

A. Continuous Performance of Key Personnel

Unless substitution is approved per paragraphs B-D of this section, key personnel shall be the same personnel proposed in the Contractor's Technical Proposal, which will be incorporated into the Contract by reference. Such identified key personnel shall perform continuously for the duration of the Contract, or such lesser duration as specified in the Technical Proposal. Key Personnel may not be removed by the Contractor from working under this Contract, as described in the RFP or the Contractor's Technical Proposal, without the prior written approval of the Contract Manager.

If the Contract is task order based, the provisions of this section apply to Key Personnel identified in each task order proposal and agreement.

B. Definitions

For the purposes of this section, the following definitions apply:

Extraordinary Personal Circumstance – means any circumstance in an individual's personal life that reasonably requires immediate and continuous attention for more than fifteen (15) days and that precludes the individual from performing his/her job duties under this Contract. Examples of such circumstances may include,

but are not limited to: a sudden leave of absence to care for a family member who is injured, sick, or incapacitated; the death of a family member, including the need to attend to the estate or other affairs of the deceased or his/her dependents; substantial damage to, or destruction of, the individual's home that causes a major disruption in the individual's normal living circumstances; criminal or civil proceedings against the individual or a family member; jury duty; and military service call-up.

Incapacitating – means any health circumstance that substantially impairs the ability of an individual to perform the job duties described for that individual's position in the RFP or the Contractor's Technical Proposal.

Sudden – means when the Contractor has less than thirty (30) days' prior notice of a circumstance beyond its control that will require the replacement of any key personnel working under the Contract.

C. Key Personnel General Substitution Provisions

The following provisions apply to all of the circumstances of staff substitution described in paragraph D of this section.

1. The Contractor shall demonstrate to the Contract Manager's satisfaction that the proposed substitute Key Personnel have qualifications at least equal to those of the Key Personnel for whom the replacement is requested.
2. The Contractor shall provide the Contract Manager with a substitution request that shall include:
 - A detailed explanation of the reason(s) for the substitution request;
 - The resume of the proposed substitute personnel, signed by the substituting individual and his/her formal supervisor;
 - The official resume of the current personnel for comparison purposes; and
 - Any evidence of any required credentials.
3. The Contract Manager may request additional information concerning the proposed substitution. In addition, the Contract Manager and/or other appropriate State personnel involved with the Contract may interview the proposed substitute personnel prior to deciding whether to approve the substitution request.
4. The Contract Manager will notify the Contractor in writing of: (i) the acceptance or denial, or (ii) contingent or temporary approval for a specified time limit, of the requested substitution. The Contract Manager will not unreasonably withhold approval of a requested Key Personnel replacement.

D. Replacement Circumstances

1. Voluntary Key Personnel Replacement

To voluntarily replace any Key Personnel, the Contractor shall submit a substitution request as described in paragraph C of this section to the Contract Manager at least fifteen (15) days prior to the intended date of change. Except in a circumstance described in paragraph D.2 of this clause, a substitution may not occur unless and until the Contract Manager approves the substitution in writing.

2. Key Personnel Replacement Due to Vacancy

The Contractor shall replace Key Personnel whenever a vacancy occurs due to the sudden termination, resignation, leave of absence due to an Extraordinary Personal Circumstance, Incapacitating injury, illness or physical condition, or death of such personnel. (A termination or resignation with thirty (30) days or more advance notice shall be treated as a Voluntary Key Personnel Replacement as per Section D.1 of this section.).

Under any of the circumstances set forth in this paragraph D.2, the Contractor shall identify a suitable replacement and provide the same information or items required under paragraph C of this section within fifteen (15) days of the actual vacancy occurrence or from when the Contractor first knew or should have known that the vacancy would be occurring, whichever is earlier.

3. Key Personnel Replacement Due to an Indeterminate Absence

If any Key Personnel has been absent from his/her job for a period of ten (10) days due to injury, illness, or other physical condition, leave of absence under a family medical leave, or an Extraordinary Personal Circumstance and it is not known or reasonably anticipated that the individual will be returning to work within the next twenty (20) days to fully resume all job duties, before the 25th day of continuous absence, the Contractor shall identify a suitable replacement and provide the same information or items to the Contract Manager as required under paragraph C of this section.

However, if this person is available to return to work and fully perform all job duties before a replacement has been authorized by the Contract Manager, at the option and sole discretion of the Contract Manager, the original personnel may continue to work under the Contract, or the replacement personnel will be authorized to replace the original personnel, notwithstanding the original personnel's ability to return.

4. Directed Personnel Replacement

- a. The Contract Manager may direct the Contractor to replace any personnel who are perceived as being unqualified, non-productive, unable to fully perform the job duties due to full or partial Incapacity or Extraordinary Personal Circumstance, disruptive, or known, or reasonably believed, to have committed a major infraction(s) of law, agency, or Contract requirements. Normally, a directed personnel replacement will occur only after prior notification of problems with requested remediation, as described in paragraph 4.b. If after such remediation the Contract Manager determines that the personnel performance has not improved to the level necessary to continue under the Contract, if at all possible at least fifteen (15) days notification of a directed replacement will be provided. However, if the Contract Manager deems it necessary and in the State's best interests to remove the personnel with less than fifteen (15) days' notice, the Contract Manager can direct the removal in a timeframe of less than fifteen (15) days, including immediate removal.

In circumstances of directed removal, the Contractor shall, in accordance with paragraph C of this section, provide a suitable replacement for approval within fifteen (15) days of the notification of the need for removal, or the actual removal, whichever occurs first.

- b. If deemed appropriate in the discretion of the Contract Manager, the Contract Manager shall give written notice of any personnel performance issues to the Contractor, describing the problem and delineating the remediation requirement(s). The Contractor shall provide a written Remediation Plan within ten (10) days of the date of the notice and shall implement the Remediation Plan immediately upon written acceptance by the Contract Manager. If the Contract Manager rejects the Remediation Plan, the Contractor shall revise and resubmit the plan to the Contract Manager within five (5) days, or in the timeframe set forth by the Contract Manager in writing.

Should performance issues persist despite the approved Remediation Plan, the Contract Manager will give written notice of the continuing performance issues and either request a new Remediation Plan within a specified time limit or direct the substitution of personnel whose performance is at issue with a qualified substitute, including requiring the immediate removal of the Key Personnel at issue.

Replacement or substitution of personnel under this section shall be in addition to, and not in lieu of, the State's remedies under the Contract or which otherwise may be available at law or in equity.

1.24 Mandatory Contractual Terms

By submitting a Proposal in response to this RFP, an Offeror, if selected for award, shall be deemed to have accepted the terms and conditions of this RFP and the Contract, attached herein as **Attachment A**. Any exceptions to this RFP or the Contract shall be clearly identified in the Executive Summary of the Technical Proposal. **A Proposal that takes exception to these terms may be rejected (see RFP Section 4.4.3.4).**

1.25 Bid/Proposal Affidavit

A Proposal submitted by an Offeror must be accompanied by a completed Bid/Proposal Affidavit. A copy of this Affidavit is included as **Attachment B** of this RFP.

1.26 Contract Affidavit

All Offerors are advised that if a Contract is awarded as a result of this solicitation, the successful Offeror will be required to complete a Contract Affidavit. A copy of this Affidavit is included as **Attachment C** of this RFP. This Affidavit must be provided within five (5) Business Days of notification of proposed Contract award. This Contract Affidavit will also be required to be completed by the Contractor prior to any Contract renewals, including the exercise of any options or modifications that may extend the Contract term.

1.27 Compliance with Laws/Arrearages

By submitting a Proposal in response to this RFP, the Offeror, if selected for award, agrees that it will comply with all Federal, State, and local laws applicable to its activities and obligations under the Contract.

By submitting a response to this solicitation, each Offeror represents that it is not in arrears in the payment of any obligations due and owing the State, including the payment of taxes and employee benefits, and that it shall not become so in arrears during the term of the Contract if selected for Contract award.

1.28 Verification of Registration and Tax Payment

SDAT is located at State Office Building, Room 803, 301 West Preston Street, Baltimore, Maryland 21201. The SDAT website is <http://www.dat.state.md.us/sdatweb/services.html> .

It is strongly recommended that any potential Offeror complete registration prior to the due date for receipt of Proposals. An Offeror's failure to complete registration with SDAT may disqualify an otherwise successful Offeror from final consideration and recommendation for Contract award.

1.29 False Statements

Offerors are advised that Md. Code Ann., State Finance and Procurement Article, § 11-205.1 provides as follows:

1.29.1 In connection with a procurement contract a person may not willfully:

Payment by EFT is mandatory for contracts exceeding \$100,000. The selected Bidder/Offeror shall register using the COT/GAD X-10 Vendor Electronic Funds (EFT) Registration Request Form. Any request for exemption must be submitted to the State Comptroller's Office for approval at the address specified on the COT/GAD X-10 form, must include the business identification information as stated on the form, and must include the reason for the exemption. The COT/GAD X-10 form may be downloaded from the Comptroller's website at:

An overall MBE subcontractor participation goal of 20% of the total Contract dollar amount has been established for this procurement.

Notwithstanding any subgoals established above, the Contractor is encouraged to use a diverse group of subcontractors and suppliers from any/all of the various MBE classifications to meet the remainder of the overall MBE participation goal.

- (b) The Bidder/Offeror responds to the expected degree of MBE participation, as stated in the solicitation, by identifying the specific commitment of certified MBEs at the time of Bid/Proposal submission. The Bidder/Offeror shall specify the percentage of contract value associated with each MBE subcontractor identified on the MBE participation schedule.

If a Bidder/Offeror fails to submit a completed Attachment D-1 with the Bid/Proposal as required, the Procurement Officer shall determine that the Bid is non-responsive or the Proposal is not reasonably susceptible of being selected for award.

 - (d) Any other documentation required by the Procurement Officer to ascertain Bidder/Offeror responsibility in connection with the certified MBE subcontractor participation goal or any applicable subgoals.

If the recommended awardee fails to return each completed document within the required time, the Procurement Officer may determine that the recommended awardee is not responsible and, therefore, not eligible for Contract award. If the Contract has already been awarded, the award is voidable.

- 1.33.5 A current directory of certified MBEs is available through the Maryland State Department of Transportation (MDOT), Office of Minority Business Enterprise, 7201 Corporate Center Drive, Hanover, Maryland 21076. 1.34 Living Wage Requirements

A solicitation for services under a State contract valued at \$100,000 or more may be subject to Md. Code Ann., State Finance and Procurement Article, Title 18. Additional information regarding the State's living wage requirement is contained in **Attachment G**. Bidders/Offerors must complete and submit the Maryland Living Wage Requirements Affidavit of Agreement (**Attachment G-1**) with their Bid/Proposal. If a Bidder/Offeror fails to complete and submit the required documentation, the State may determine a Bidder/Offeror to be not responsible under State law.

Contractors and subcontractors subject to the Living Wage Law shall pay each covered employee at least the minimum amount set by law for the applicable Tier area. The specific living wage rate is determined by whether a majority of services take place in a Tier 1 Area or Tier 2 Area of the State. The Tier 1 Area includes Montgomery, Prince George's, Howard, Anne Arundel and Baltimore Counties, and Baltimore City. The Tier 2 Area includes any county in the State not included in the Tier 1 Area. In the event that the employees who perform the services are not located in the State, the head of the unit responsible for a State Contract pursuant to §18-102(d) of the State Finance and Procurement Article shall assign the tier based upon where the recipients of the services are located.

The Contract resulting from this solicitation will be determined to be a Tier 1 Contract or a Tier 2 Contract depending on the location(s) from which the Contractor provides 50% or more of the services. The Bidder/Offeror must identify in its Bid/Proposal the location(s) from which services will be provided, including the location(s) from which 50% or more of the Contract services will be provided.

- If the Contractor provides 50% or more of the services from a location(s) in a Tier 1 jurisdiction(s) the Contract will be a Tier 1 Contract.
- If the Contractor provides 50% or more of the services from a location(s) in a Tier 2 jurisdiction(s), the Contract will be a Tier 2 Contract.
- If the Contractor provides more than 50% of the services from an out-of-State location, the State agency determines the wage tier based on where the majority of the service recipients are located. In this circumstance, this Contract will be determined to be a Tier 1 Contract.

Information pertaining to reporting obligations may be found by going to the Maryland Department of Labor, Licensing and Regulation (DLLR) website <http://www.dllr.state.md.us/labor/prev/livingwage.shtml>.

NOTE: Whereas the Living Wage may change annually, the Contract price may not be changed because of a Living Wage change.

SECTION 3 – SCOPE OF WORK

3.1 Background and Purpose

During the 2013 Session of the Maryland General Assembly, the Maryland Offshore Wind Energy Act of 2013,¹ House Bill 226, was passed. The purpose of the Bill is to alter the Maryland Renewable Energy Portfolio Standard Program to include energy derived from offshore wind energy. The Bill tasks the Commission with adopting regulations on or before July 1, 2014, to implement the Offshore Wind Energy Act. The Commission has also been tasked with using certain criteria to evaluate and compare proposed offshore wind projects, and approving, conditionally approving, or denying an application. If the Commission approves a proposed offshore wind project, the Commission's order must contain several specifications, including a price schedule, duration, and number of offshore wind renewable energy credits that the project may sell each year. The Commission was directed to engage independent expert consultants to assist in the evaluation of applications for proposed offshore wind projects, specifically in regard to the calculation of a proposed offshore wind project's net benefits to the State.

The Commission is seeking up to two (2) expert Consultants in the categories of (A) Estimating the Need for Transmission Upgrades and Associated Costs [Section 3.2.1] and (B) Evaluation of Applications to the Commission for the Approval of a Proposed Offshore Wind Project [Section 3.2.2].

The State is issuing this solicitation for the purposes of supporting Staff in the process of fulfilling the tasks listed in the Maryland Offshore Wind Energy Act of 2013.

3.2 Scope of Work - Requirements

3.2.1 Estimating the Need for Transmission Upgrades and Associated Costs

The Contractor shall:

A. Work with the Commission to develop and refine an assessment within three (3) months of this contract award date pertaining to whether Direct Connection Attachment Facility transmission upgrades to the grid operated by PJM Interconnection, LLC, will be needed as a result of construction of a Qualified Offshore Wind Project(s) relative to a projected in-service date. (Note: The Commission will provide the projected in-service date for purposes of this contract). The Commission will assume ownership of the assessment resulting from this contract, and will use it to support the award of an Offshore Wind Renewable Energy Credit Order(s) to a Qualified Offshore Wind Project(s).

***Note:** The Qualified Offshore Wind Project will secure Capacity Resource Status, located on the outer continental shelf of the Atlantic Ocean in an area designated for lease by the United States Department of the Interior between ten (10) and thirty (30) miles off the coast of Maryland, and interconnect to the PJM Interconnection grid at a point located on the Delmarva Peninsula.*

1. The deliverable of this assessment shall take the form of a written report. The Commission shall be afforded the opportunity to comment on the written report prior to its final submission. This assessment shall include recommendations to the Commission on a range of applicable parameters, inputs and outputs, including but not limited to:
 - a. The substations located on the Delmarva Peninsula that may serve as an appropriate or advantageous interconnection point;
 - b. The appropriateness of a range of Capacity Interconnection Rights for the project; and

¹ 2013 Md. Laws, ch. 003.

c. The approximate maximum facility output that may trigger direct transmission upgrades given other selected parameters.

2. The Contractor shall attend up to four [4] stakeholder meetings related to the development of the applicable parameters, inputs and outputs described above. Any meetings (up to four [4]) that the Contractor is expected to attend will be scheduled at least two (2) weeks in advance with the type of meeting, i.e. in-person or remote conference, to be determined. All in-person meetings will be held at the Commission's offices in downtown Baltimore City. At a minimum, the Contractor's project lead and at least one additional key personnel from the Contractor's project team will be expected to attend the specified stakeholder meetings.

Note: It is expected that no more than one (1) stakeholder meeting will require in-person attendance.

B. Develop a cost estimate for any Direct Connection Attachment Facility transmission upgrades identified by the Contractor in §3.2.A. The cost estimate shall be presented to the Commission in written format and shall be appended to the report outlined in §3.2.A.

The work outlined in Section 3.2.2 below may be included as part of a single response to this RFP covering both the work outlined in Section 3.2.1 and the work set forth in Section 3.2.2 below; or as a separate submission covering work for only Section 3.2.1 or only Section 3.2.2. Work plans for each section must be priced separately. Financial forms for both 3.2.1 and 3.2.2 have been supplied in Attachment F.

3.2.2 Evaluation of Applications to the Commission for the Approval of a Proposed Offshore Wind Project

The Contractor shall:

- A. Work with the Commission as described throughout this section to assist in the evaluation of applications for the approval of a proposed Offshore Wind Project, submitted in response to the adoption by the Commission of regulations implementing the Act. The objective of the Contractor's scope of work is to prepare for and assist in the evaluation of applications so that the Commission may approve, conditionally approve or deny an application within 180 days of the close of an application period. To facilitate this process, the Contractor shall be available by phone and email to respond to the Contract Manager within two (2) business days of a request for information. The reports and other deliverables detailed in this section become the property of the Commission at the conclusion of this contract and will be used to support the award of an Offshore Wind Renewable Energy Credit Order(s) to a Qualified Offshore Wind Project(s).
- B. Perform several pre-application tasks, including the establishment of communication protocols and the preparation of a proposed OREC price schedule form. Both pre-application tasks shall be completed within thirty (30) days of the contract award date, and shall be presented to the Contract Manager in the following format:
 - 1. The recommended communication protocols shall be in written form and shall address the method and platform for the dissemination of information to potential applicants and other interested parties. The Contractor shall host a secure and dedicated website for the length of the contract, for the purpose of effectuating the recommended communications protocol.
 - 2. The proposed OREC price schedule form shall be provided to the Contract Manager for review and comment as a Microsoft Excel active worksheet. The purpose of the proposed OREC price schedule form is to facilitate the submission of price and quantity data from potential applicants as required by the Act, codified in Public Utilities Article § 7-704.1(c).
- C. Assist the Commission in determining whether the submitted application(s) are administratively complete and satisfy certain minimum threshold criteria, as outlined in the Act² and listed below.

² See Public Utilities Article § 7-704.1(c).

1. Prepare an interim report containing its assessment of administrative completeness and submit the report to the Commission within fourteen (14) business days of receiving the application(s) filed with the Commission. The administrative completeness assessment will include a review of whether the application includes the following information, or a valid explanation for why any missing information cannot be provided:

- a. A detailed description and financial analysis of the proposed Offshore Wind Project;
- b. The proposed method of financing;
- c. A cost-benefit analysis;
- d. A proposed OREC pricing schedule;
- e. A decommissioning plan;
- f. A commitment to deposit at least \$6,000,000 into the Maryland Offshore Wind Business Development Fund;
- g. A description of the applicant's plan for engaging small businesses;
- h. A commitment to use best efforts to apply for all eligible state and federal grants, rebates, tax credits, loan guarantees, and similar benefits, and to pass along 80% of the value of these measures to ratepayers without subsequent Commission approval; and
- i. Any other information the Commission may require.

2. Prepare an interim report containing its assessment of whether the application(s) satisfy certain minimum threshold criteria and submit to the Commission within twenty-one (21) business days following the close of the application period. The minimum threshold criteria will include an assessment of an application's demonstration of compliance with the following parameters:

- a. Whether the generation source is an offshore wind project;
- b. Whether the proposed offshore wind project generation facility and associated transmission facilities will be constructed using commercially proven and available equipment at the time of the application filing;
- c. Whether the application demonstrates site control or a feasible plan for site control; and
- d. Whether the proposed OREC price schedule conforms to the allowable price caps, duration, and commencement dates as stipulated in the Act. The assessment of this parameter may require conversion of an applicant's proposed OREC price schedule to a nominalized and levelized 2012 constant dollar equivalent based on Commission approved assumptions.

D. Assist the Commission in a quantitative and qualitative assessment, comparison, and evaluation of the application(s) filed during the application period for the approval of a Proposed Offshore Wind Project using criteria consistent with those outlined in Public Utilities Article § 7-704.1(d)(1). The comparison of the filed application(s) will include a determination of which project, or combination of projects, successfully meets the rate impact tests and the net benefits test.³ The Contractor shall then prepare a final report containing its evaluation of the application(s) and recommendations within sixty (60) business days following the close of the application period. This final report shall include the results, discussion, and recommendations of the Contractor pertaining to the following three analyses:

1. Conduct a quantitative evaluation that includes an assessment of the power market and rate effects of the proposed project. Evaluate the inputs contained in the application(s) using, at a minimum:
 - a. An industry accepted ratepayer impact model to assess whether the application meets the residential and non-residential rate caps specified in the Act;
 - b. An industry accepted production cost and economic input-output models, in order to properly advise the Commission whether the application demonstrates positive net economic, environmental, and health benefits to the State.

³ See Public Utilities Article § 7-704.1(e)(1).

2. Conduct a qualitative evaluation to assess the completion risks or other qualitative aspects of an application. The evaluation and comparison of applications shall consider the criteria codified in the Public Utilities Article, Annotated Code of Maryland § 7-704.1(d).

- a. Evaluate the application(s) with consideration of the following minimum parameters:
 1. The applicant's project team experience in areas of development;
 2. The proposed offshore wind project's description and design, including the proposed technology and equipment;

Offerors may either mail or hand-deliver Proposals.

4.3.1 For U.S. Postal Service deliveries, any Proposal that has been received at the appropriate mailroom, or typical place of mail receipt, for the respective procuring unit by the time and date listed in the RFP will be deemed to be timely. If an Offeror chooses to use the U.S. Postal Service for delivery, the Department recommends that it use Express Mail, Priority Mail, or Certified Mail only as these are the only forms for which both the date and time of receipt can be verified by the Department. An Offeror using first class mail will not be able to prove a timely delivery at the mailroom, and it could take several days for an item sent by first class mail to make its way by normal internal mail to the procuring unit.

- 4.3.2 Hand-delivery includes delivery by commercial carrier acting as agent for the Offeror. For any type of direct (non-mail) delivery, Offerors are advised to secure a dated, signed, and time-stamped (or otherwise indicated) receipt of delivery.

This Proposal organization will allow State officials and the Evaluation Committee (see RFP Section 5.1) to “map” Offeror responses directly to RFP requirements by Section number and will aid in the evaluation process.

- 4.4.2 The Technical Proposal** shall include the following documents and information in the order specified as follows: Each section of the Technical Proposal shall be separated by a TAB as detailed below:

4.4.2.1 Title Page and Table of Contents (Submit under TAB A)

Any information which is claimed to be confidential is to be noted by reference and included after the Title Page and before the Table of Contents, and if applicable, also in the Offeror’s Financial Proposal. An explanation for each claim of confidentiality shall be included (see Section 1.14 “Public Information Act Notice”). The entire Proposal cannot be given a blanket confidentiality designation. Any confidentiality designation must apply to specific sections, pages, or portions of pages of the Proposal.

4.4.2.4 Executive Summary (Submit under TAB C)

The Offeror shall condense and highlight the contents of the Technical Proposal in a separate section titled "Executive Summary." The Summary shall also identify any exceptions the Offeror has taken to the requirements of this RFP, the Contract (Attachment A), or any other attachments. Exceptions to terms and conditions may result in having the Proposal deemed unacceptable or classified as not reasonably susceptible of being selected for award.

If the Offeror has taken no exceptions to the requirements of this RFP, the Executive Summary shall so state.

4.4.2.5 Minimum Qualifications Documentation (Submit under TAB D)

The Offeror shall submit any Minimum Qualifications documentation that may be required, as set forth in Section 2 "Offeror Minimum Qualifications."

Any paragraph in the Technical Proposal that responds to a Scope of Work (Section 3.2) requirement shall include an explanation of how the work will be done. Any exception to a requirement, term, or condition may result in having the Proposal classified as not reasonably susceptible of being selected for award or the Offeror deemed not responsible.
- b. The Offeror shall give a definitive description of the proposed plan to meet the requirements of the RFP, i.e., a Work Plan. The Work Plan shall include the specific methodology and techniques to be used by the Offeror in providing the required services as outlined in RFP Section 3, Scope of Work. 4.4.2.11 Subcontractors (Submit under TAB J)

The Offeror shall provide a complete list of all subcontractors that will work on the Contract if the Offeror receives an award, including those utilized in meeting the MBE and/or VSBE subcontracting goal, if applicable. 4.4.2.15 Economic Benefit Factors (Submit under TAB L)

The Offeror shall submit with its Proposal a narrative describing benefits that will accrue to the Maryland economy as a direct or indirect result of its performance of this contract. Proposals will be evaluated to assess the benefit to Maryland's economy specifically offered. See COMAR 21.05.03.03A(3).

Proposals that identify specific benefits as being contractually enforceable commitments will be rated more favorably than Proposals that do not identify specific benefits as contractual commitments, all other factors being equal.

Offerors shall identify any performance guarantees that will be enforceable by the State if the full level of promised benefit is not achieved during the Contract term.

As applicable, for the full duration of the Contract, including any renewal period, or until the commitment is satisfied, the Contractor shall provide to the Procurement Officer or other designated agency personnel reports of the actual attainment of each benefit listed in response to this section. These benefit attainment reports shall be provided quarterly, unless elsewhere in these specifications a different reporting frequency is stated.

Please note that in responding to this section, the following do not generally constitute economic benefits to be derived from this Contract:

- a. generic statements that the State will benefit from the Offeror's superior performance under the Contract;
- b. descriptions of the number of Offeror employees located in Maryland other than those that will be performing work under this Contract; or
- c. tax revenues from Maryland based employees or locations, other than those that will be performing, or used to perform, work under this Contract.

Discussion of Maryland-based employees or locations may be appropriate if the Offeror makes some projection or guarantee of increased or retained presence based upon being awarded this Contract.

Examples of economic benefits to be derived from a contract may include any of the following. For each factor identified below, identify the specific benefit and contractual commitments and provide a breakdown of expenditures in that category:

- The Contract dollars to be recycled into Maryland's economy in support of the Contract, through the use of Maryland subcontractors, suppliers and joint venture partners. Do not include actual fees or rates paid to subcontractors or information from your Financial Proposal;

Indicate job classifications, number of employees in each classification and the aggregate payroll to which the Offeror has committed, including contractual commitments at both prime and, if applicable, subcontract levels. If no new positions or subcontracts are anticipated as a result of this Contract, so state explicitly;

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.

SECTION 5 – EVALUATION COMMITTEE, EVALUATION CRITERIA, AND SELECTION PROCEDURE

5.1 Evaluation Committee

Evaluation of Proposals will be performed in accordance with COMAR 21.05.03 by a committee established for that purpose and based on the evaluation criteria set forth below. The Evaluation Committee will review Proposals, participate in Offeror oral presentations and discussions, and provide input to the Procurement Officer. The Department reserves the right to utilize the services of individuals outside of the established Evaluation Committee for advice and assistance, as deemed appropriate.

5.2 Technical Proposal Evaluation Criteria

The criteria to be used to evaluate each Technical Proposal are listed below in descending order of importance. Unless stated otherwise, any subcriteria within each criterion have equal weight.

5.2.1 Offeror’s Technical Response to RFP Requirements and Work Plan (See RFP § 4.4.2.6)

The State prefers an Offeror’s response to work requirements in the RFP that illustrates a comprehensive understanding of work requirements and mastery of the subject matter, including an explanation of how the work will be done. Proposals which include limited responses to work requirements such as “concur” or “will comply” will receive a lower ranking than those Proposals that demonstrate an understanding of the work requirements and include plans to meet or exceed them.

5.2.2 Experience and Qualifications of Proposed Staff (See RFP § 4.4.2.7)

5.2.3 Offeror Qualifications and Capabilities, including proposed Subcontractors (See RFP § 4.4.2.8 – 4.4.2.14)

5.2.4 Economic Benefit to State of Maryland (See RFP § 4.4.2.15)

5.3 Financial Proposal Evaluation Criteria

All Qualified Offerors (see Section 5.5.2.4) will be ranked from the lowest (most advantageous) to the highest (least advantageous) price based on the Total Proposal Price within the stated guidelines set forth in this RFP and as submitted on **Attachment F, Section 3.2.1 and/or Section 3.2.2** - Financial Proposal Form.

5.4 Reciprocal Preference

Although Maryland law does not authorize procuring agencies to favor resident Offerors in awarding procurement contracts, many other states do grant their resident businesses preferences over Maryland contractors. Therefore, COMAR 21.05.01.04 requires that procuring units apply a reciprocal preference under the following conditions:

- The most advantageous offer is from a responsible Offeror whose headquarters, principal base of operations, or principal site that will primarily provide the services required under this RFP is in another state.
- The other state gives a preference to its resident businesses through law, policy, or practice; and
- The preference does not conflict with a Federal law or grant affecting the procurement Contract.

The preference given shall be identical to the preference that the other state, through law, policy, or practice gives to its resident businesses.

5.5 Selection Procedures

5.5.1 General

The Contract will be awarded in accordance with the Competitive Sealed Proposals (CSP) method found at COMAR 21.05.03. The Competitive Sealed Proposals method allows for the conducting of discussions and the revision of Proposals during these discussions. Therefore, the State may conduct discussions with all Offerors that have submitted Proposals that are determined to be reasonably susceptible of being selected for contract award or potentially so. However, the State reserves the right to make an award without holding discussions.

In either case (i.e., with or without discussions), the State may determine an Offeror to be not responsible and/or an Offeror's Proposal to be not reasonably susceptible of being selected for award at any time after the initial closing date for receipt of Proposals and prior to Contract award. If the State finds an Offeror to be not responsible and/or an Offeror's Technical Proposal to be not reasonably susceptible of being selected for award, that Offeror's Financial Proposal will be returned if the Financial Proposal is unopened at the time of the determination.

5.5.2 Selection Process Sequence

- 5.5.2.1 A determination is made that the MDOT Certified MBE Utilization and Fair Solicitation Affidavit (**Attachment D-1**) is included and is properly completed, if there is a MBE goal.
- 5.5.2.2 The next level of review will be an evaluation to assess compliance with the Offeror Minimum Requirements set forth in **Section 2 – Minimum Qualifications** of the RFP. Offerors who fail to meet these basic requirements will be disqualified and their proposals eliminated from further consideration.
- 5.5.2.3 Technical Proposals are evaluated for technical merit and ranked. During this review, oral presentations and discussions may be held. The purpose of such discussions will be to assure a full understanding of the State's requirements and the Offeror's ability to perform the services, as well as to facilitate arrival at a Contract that is most advantageous to the State. Offerors will be contacted by the State as soon as any discussions are scheduled.
- 5.5.2.4 Offerors must confirm in writing any substantive oral clarifications of, or changes in, their Technical Proposals made in the course of discussions. Any such written clarifications or changes then become part of the Offeror's Technical Proposal. Technical Proposals are given a final review and ranked.
- 5.5.2.5 The Financial Proposal of each Qualified Offeror (a responsible Offeror determined to have submitted an acceptable Proposal) will be evaluated and ranked separately from the Technical evaluation. After a review of the Financial Proposals of Qualified Offerors, the Evaluation Committee or Procurement Officer may again conduct discussions to further evaluate the Offeror's entire Proposal.
- 5.5.2.6 When in the best interest of the State, the Procurement Officer may permit Qualified Offerors to revise their initial Proposals and submit, in writing, Best and Final Offers (BAFOs). The State may make an award without issuing a request for a BAFO.

5.5.3 Award Determination

Upon completion of the Technical Proposal and Financial Proposal evaluations and rankings, each Offeror will receive an overall ranking. The Procurement Officer will recommend award of the Contract to the responsible Offeror that submitted the Proposal determined to be the most advantageous to the State. In making this most advantageous Proposal determination, technical factors will receive equal weight with financial factors.

27. Subcontracting; Assignment

The Contractor may not subcontract any portion of the services provided under this Contract without obtaining the prior written approval of the Procurement Officer, nor may the Contractor assign this Contract or any of its rights or obligations hereunder, without the prior written approval of the Procurement Officer provided, however, that a contractor may assign monies receivable under a contract after due notice to the State. 30. Commercial Nondiscrimination

- 30.1 As a condition of entering into this Contract, Contractor represents and warrants that it will comply with the State’s Commercial Nondiscrimination Policy, as described at Md.  - b. This verification may include, as appropriate:
 - i. Inspecting any relevant records of the Contractor;
 - ii. Inspecting the jobsite; and
 - iii. Interviewing subcontractors and workers.
 - iv. Verification shall include a review of:
 - (a) The Contractor's monthly report listing unpaid invoices over thirty (30) days old from certified MBE subcontractors and the reason for nonpayment; and
 - (b) The monthly report of each certified MBE subcontractor, which lists payments received from the Contractor in the preceding thirty (30) days and invoices for which the subcontractor has not been paid.

- c. If the Department determines that the Contractor is not in compliance with certified MBE participation goals, then the Department will notify the Contractor in writing of its findings, and will require the Contractor to take appropriate corrective action. Corrective action may include, but is not limited to, requiring the Contractor to compensate the MBE for work performed as set forth in the MBE participation schedule.

34. Confidentiality

The Contractor agrees to keep information obtained in the course of this contract confidential in compliance with _____ . The Contractor agrees further to comply with any applicable State and federal confidentiality requirements regarding collection, maintenance, and use of health and financial information. This includes, where appropriate, the federal Health Insurance Portability and Accountability Act (HIPAA), 42 U.S.C. §§ 1320d et seq., and implementing regulations at 45 C.F.R. Parts 160 and 164, and the Maryland Confidentiality of Medical Records Act (MCMRA), Md. Code Ann. Health-General §§ 4-301 et seq. This obligation includes providing training and information to employees regarding confidentiality obligations as to health and financial information and securing acknowledgement of these obligations from employees to be involved in the Contract. This

obligation further includes restricting use and disclosure of the records, generally providing safeguards against misuse of information, keeping a record of any disclosures of information, providing all necessary procedural and legal protection for any disclosures of information, promptly responding to any requests by the Department for information about its privacy practices in general or with respect to a particular individual, modifying information as may be required by good professional practice as authorized by law, and otherwise providing good information management practices regarding all health and financial information.

35. Miscellaneous

- 35.1 Any provision of this Contract which contemplates performance or observance subsequent to any termination or expiration of this contract shall survive termination or expiration of this contract and continue in full force and effect.
- 35.2 If any term contained in this contract is held or finally determined to be invalid, illegal, or unenforceable in any respect, in whole or in part, such term shall be severed from this contract, and the remaining terms contained herein shall continue in full force and effect, and shall in no way be affected, prejudiced, or disturbed thereby.

39. Liquidated Damages

- 39.1 The Contract requires the Contractor to make good faith efforts to comply with the Minority Business Enterprise (“MBE”) Program and Contract provisions. The State and the Contractor acknowledge and agree that the State will incur economic damages and losses, including, but not limited to, loss of goodwill, detrimental impact on economic development, and diversion of internal staff resources, if the Contractor does not make good faith efforts to comply with the requirements of the MBE Program and pertinent MBE Contract provisions. The parties further acknowledge and agree that the damages the State might reasonably be anticipated to accrue as a result of such lack of compliance are difficult or impossible to ascertain with precision and that liquidated damages represent a fair, reasonable, and appropriate estimation of damages.

Upon a determination by the State that the Contractor failed to make good faith efforts to comply with one or more of the specified MBE Program requirements or pertinent MBE Contract provisions and without the State being required to present any evidence of the amount or character of actual damages sustained, the Contractor agrees to pay liquidated damages to the State at the rates set forth below. Such liquidated damages are intended to represent estimated actual damages and are not intended as a penalty. The Contractor expressly agrees that the State may withhold payment on any invoices as an offset against liquidated damages owed. The Contractor further agrees that for each specified violation, the agreed-upon liquidated damages are reasonably proximate to the loss the State is anticipated to incur as a result of each violation.

- 39.1.1 Failure to submit each monthly payment report in full compliance with COMAR 21.11.03.13B(3): **\$124.00** per day until the monthly report is submitted as required.
- 39.1.2 Failure to include in its agreements with MBE subcontractors a provision requiring submission of payment reports in full compliance with COMAR 21.11.03.13B(4): **\$62.00** per MBE subcontractor.
- 39.1.3 Failure to comply with COMAR 21.11.03.12 in terminating, canceling, or changing the scope of work/value of a contract with an MBE subcontractor and/or amendment of the MBE participation schedule: the difference between the dollar value of the MBE participation commitment on the MBE participation schedule for that specific MBE firm and the dollar value of the work performed by that MBE firm for the Contract.
- 39.1.4 Failure to meet the Contractor’s total MBE participation goal and subgoal commitments: the difference between the dollar value of the total MBE participation commitment on the MBE participation schedule and the MBE participation actually achieved.

39.1.5 Failure to promptly pay all undisputed amounts to a subcontractor in full compliance with the prompt payment provisions of the Contract: **\$465.00** per day until the undisputed amount due to the MBE subcontractor is paid.

39.2 Notwithstanding the assessment or availability of liquidated damages, the State reserves the right to terminate the Contract and to exercise any and all other rights or remedies which may be available under the Contract or which otherwise may be available at law or in equity.

IN WITNESS THEREOF, the parties have executed this Contract as of the date hereinabove set forth.

The undersigned Bidder/Offeror hereby certifies and agrees that the following information is correct: In preparing its Bid/Proposal on this project, the Bidder/Offeror has considered all Proposals submitted from qualified, potential subcontractors and suppliers, and has not engaged in "discrimination" as defined in § 19-103 of the State Finance and Procurement Article of the Annotated Code of Maryland. "Discrimination" means any disadvantage, difference, distinction, or preference in the solicitation, selection, hiring, or commercial treatment of a vendor, subcontractor, or commercial customer on the basis of race, color, religion, ancestry, or national origin, sex, age, marital status, sexual orientation, or on the basis of disability or any otherwise unlawful use of characteristics regarding the vendor's, supplier's, or commercial customer's employees or owners. "Discrimination" also includes retaliating against any person or other entity for reporting any incident of "discrimination". Without limiting any other provision of the solicitation on this project, it is understood that, if the certification is false, such false certification constitutes grounds for the State to reject the Bid/Proposal submitted by the Bidder/Offeror on this project, and terminate any contract awarded based on the Bid/Proposal. As part of its Bid/Proposal, the Bidder/Offeror herewith submits a list of all instances within the past 4 years where there has been a final adjudicated determination in a legal or administrative proceeding in the State of Maryland that the Bidder/Offeror discriminated against subcontractors, vendors, suppliers, or commercial customers, and a description of the status or resolution of that determination, including any remedial action taken. - (2) Fail to notify the certified minority business enterprise before execution of the contract of its inclusion in the Bid/Proposal;
- (3) Fail to use the certified minority business enterprise in the performance of the contract; or
- (4) Pay the certified minority business enterprise solely for the use of its name in the Bid/Proposal.

Without limiting any other provision of the solicitation on this project, it is understood that if the certification is false, such false certification constitutes grounds for the State to reject the Bid/Proposal submitted by the Bidder/Offeror on this project, and terminate any contract awarded based on the Bid/Proposal.

PURPOSE

The Contractor shall structure its procedures for the performance of the work required in this Contract to attempt to achieve the Minority Business Enterprise (MBE) subcontractor participation goal stated in this solicitation. MBE performance shall be in accordance with this Attachment and as set forth in COMAR 21.11.03. The Contractor agrees to exercise all good faith efforts to carry out the requirements set forth in this Attachment.

In order to attempt to meet the MBE subcontractor participation goal using MBE subcontractors, all Bidders/Offerors shall comply with the requirements of COMAR 21.11.03.09 and shall:

- ❑ Identify specific work categories within the scope of the solicitation appropriate for subcontracting;
- ❑ Solicit certified MBEs in writing at least 10 days before Bids or Proposals are due, describing the identified work categories and providing instructions on how to provide a quote on the subcontracts;
- ❑ Attempt to make personal contact with the certified MBEs solicited and to document those attempts;
- ❑ Assist certified MBEs in fulfilling, or seeking a waiver of any bonding requirements; and
- ❑ Attend Pre-Bid/Proposal Conferences or other meetings that the Department schedules to publicize contracting opportunities for certified MBEs.

MBE GOAL AND SUB GOALS

An MBE subcontract participation goal of **20%** of the total contract dollar amount has been established for this procurement, as set forth in RFP Section 1.33. The Contractor, including an MBE prime contractor, shall attempt to achieve the MBE subcontracting goal and any subgoals established for this Contract by subcontracting to one or more MDOT-certified MBEs a sufficient portion of the Bidder/Offeror’s scope of work that results in total MBE payments that meet or exceed the MBE subcontractor participation goals and, if applicable, subgoals.

SOLICITATION AND CONTRACT FORMATION

- ◆ A Bidder/Offeror must include with its Bid/Proposal a completed MDOT Certified MBE Utilization and Fair Solicitation Affidavit (**Attachment D-1**) whereby:
 - (1) the Bidder/Offeror acknowledges the certified MBE subcontractor participation goal and any subgoals, and commits to make a good faith effort to achieve the goal and any subgoals or requests a full or partial waiver, and affirms that MBE subcontractors were treated fairly in the solicitation process; and
 - (2) the Bidder/Offeror responds to the expected degree of MBE subcontractor participation as stated in the solicitation, by identifying the specific commitment of certified MBEs at the time of Bid/Proposal submission. The Bidder/Offeror shall specify the percentage of contract value associated with each MBE subcontractor identified on the MBE Participation Schedule (**Attachment D-1**).

If the Bidder/Offeror specifies a range for a proposed MBE subcontractor, only the lowest amount in the range can be considered for MBE commitment purposes. Ex: If a range of “5-15%” is proposed for a MBE subcontractor, only “5%” can be considered for purposes of totaling the actual MBE commitment for that particular MBE subcontractor. It is suggested that the Bidder/Offeror provide a specific percentage, and not a percentage range, for each MBE subcontractor proposed.

- ◆ *If a Bidder/Offeror fails to submit a completed **Attachment D-1** with the Bid/Proposal, the Procurement Officer shall deem the Bid non-responsive or shall determine that the Proposal is not reasonably susceptible of being selected for award.*
- ◆ Within 10 Working Days from notification that it is the apparent awardee or from the date of the actual award, whichever is earlier, the apparent awardee shall provide the following documentation to the Procurement Officer:
 - a) Outreach Efforts Compliance Statement (Attachment D-2)
 - b) Subcontractor Project Participation Certification (Attachment D-3)
 - c) If the recommended awardee has requested a waiver (in whole or in part) of the overall MBE goal, it shall submit a fully documented waiver request that complies with COMAR 21.11.03.11, and usually the Minority Contractor Unavailability Certificate (**Attachment D-6**).
 - d) Any other documentation required by the Procurement Officer to ascertain Bidder/Offeror responsibility in connection with the certified MBE participation goal.

NOTE: If the apparent awardee fails to return each completed document within the required time, the Procurement Officer may determine that the apparent awardee is not responsible and therefore not eligible for Contract award. If the Contract has already been awarded, the award is voidable.

MBE REPORTING INSTRUCTIONS

The Contractor shall:

1. Submit by the 10th of each month to the Department's Contract Manager or designee a Prime Contractor Paid/Unpaid MBE Invoice Report (Attachment D-4) listing any unpaid invoices, over 30 days old, received from any certified MBE subcontractor, the amount of each invoice, and the reason payment has not been made.
2. Include in its agreements with its certified MBE subcontractors a requirement that those subcontractors shall submit by the 10th of each month to the Department's Contract Manager or a designee a Subcontractor Paid/Unpaid MBE Invoice Report (Attachment D-5) that identifies the Contract and lists all payments received from the Contractor under this Contract in the preceding 30 days, as well as any outstanding invoices, and the amount of those invoices.
3. Maintain such records as are necessary to confirm compliance with its MBE participation obligations. These records must indicate the identity of certified minority and non-minority subcontractors employed on the Contract, the type of work performed by each subcontractor, and the actual dollar value of work performed. Subcontract agreements must be retained by the Contractor and furnished to the Procurement Officer upon request.
4. Consent to provide such documentation as reasonably requested and to provide right-of-entry at reasonable times for purposes of the State's representatives verifying compliance with the MBE participation obligations. The Contractor must retain all records concerning MBE participation and make them available for State inspection for three years after final completion of the Contract.
5. At the sole option of the Department, upon completion of the Contract and before final payment and/or release of any retainage, submit a final report in affidavit form and under penalty of perjury, of all payments made to, or withheld from MBE subcontractors.

MDOT Certified MBE Utilization and Fair Solicitation Affidavit

(submit with Bid/Proposal)

This document **MUST BE** included with the Bid/Proposal. If the Bidder/Offeror fails to complete and submit this form with the Bid/Proposal, the Procurement Officer shall deem the Bid non-responsive or shall determine that the Proposal is not reasonably susceptible of being selected for award.

In conjunction with the Bid/Proposal submitted in response to Solicitation No. PSC #02-19-14 I affirm the following:

1. I acknowledge and intend to meet the overall certified Minority Business Enterprise (MBE) participation goal of 20 percent and, if specified in the solicitation, the following subgoals (complete for only those subgoals that apply):

_____ percent African-American

_____ percent Asian-American

_____ percent Hispanic-American

_____ percent Woman-Owned

Therefore, I will not be seeking a waiver pursuant to COMAR 21.11.03.11.

OR

- I conclude that I am unable to achieve the MBE participation goal and/or subgoals. I hereby request a waiver in whole or in part of the overall goal and/or subgoals. Within 10 Working Days of receiving notice that our firm is the apparent awardee, I will submit all required waiver documentation in accordance with COMAR 21.11.03.11. If this request is for a partial waiver, I have identified the portion of the MBE goal that I intend to meet in this Attachment D-1.
2. I understand that if I am notified that I am the apparent awardee, I must submit the following additional documentation within 10 Working Days of receiving notice of the potential award or from the date of conditional award (per COMAR 21.11.03.10), whichever is earlier.
- (a) Outreach Efforts Compliance Statement (Attachment D2);
 - (b) Subcontractor Project Participation Certification (Attachment D3); and
 - (c) Any other documentation, including waiver documentation, if applicable, required by the Procurement Officer to ascertain Bidder/Offeror responsibility in connection with the certified MBE participation goal.

I understand that if I fail to return each completed document within the required time, the Procurement Officer may determine that I am not responsible and therefore not eligible for Contract award. If the Contract has already been awarded, the award is voidable.

3. In the solicitation of subcontract quotes, MBE subcontractors were provided not less than the same information and amount of time to respond as were non-MBE subcontractors.
4. Set forth below are the (i) certified MBEs I intend to use and (ii) the percentage of the total Contract amount allocated to each MBE for this project and the work activity(ies) each MBE will provide under the Contract. I hereby affirm that the MBE firms are only providing those work activities for which they are MDOT certified.

PUBLIC SERVICE COMMISSION
Code of Maryland Regulations (COMAR)
Title 21, State Procurement Regulations

(regarding a waiver to a Minority Business Enterprise subcontracting goal)

NOTE: Below is an excerpt only. Full text of COMAR Title 21 may be found at the website of the Secretary of State, Division of State Documents, at: <http://www.dsd.state.md.us/comar/>.

COMAR 21.11.03.11 - Waiver.

A. If, for any reason, the apparent successful Bidder/Offeror is unable to achieve the contract goal for each certified MBE classification specified as having a subcontract goal or the overall MBE contract goal, the Bidder/Offeror may request, in writing, a waiver to include the following:

(1) A detailed statement of the efforts made to select portions of the work proposed to be performed by certified MBEs, including the work to be performed by each MBE classification if an MBE subgoal has been specified, in order to increase the likelihood of achieving the stated goal;

(2) A detailed statement of the efforts made to contact and negotiate with certified MBEs, and if appropriate, by certified MBE classification, including:

(a) The names, addresses, dates, telephone numbers, and classification of certified MBEs contacted, and

(b) A description of the information provided to certified MBEs regarding the plans, specifications, and anticipated time schedule for portions of the work to be performed;

(3) As to each certified MBE that placed a subcontract quotation or offer that the apparent successful Bidder/Offeror considers not to be acceptable, a detailed statement of the reasons for this conclusion;

(4) A list of certified MBEs including, if applicable, certified MBEs in each MBE classification, found to be unavailable, which shall be accompanied by the Minority Contractor Unavailability Certificate (Attachment D-6) signed by the certified MBE, or a statement from the apparent successful Bidder/Offeror that the certified MBE refused to give the written verification;

(5) The record of the apparent successful Bidder/Offeror's compliance with the outreach efforts required under Regulation .09C(2)(a)—(e) of this chapter; and

(6) If the request for a waiver is for a certain MBE classification within an overall MBE goal, the Bidder/Offeror shall demonstrate reasonable efforts to meet the overall MBE goal with other MBE classification or classifications.

B. A waiver of a certified MBE contract goal may be granted only upon a reasonable demonstration by the Bidder/Offeror that certified MBE subcontract participation was unable to be obtained, or was unable to be obtained at a reasonable price or in the appropriate MBE classifications, and if the agency head or designee determines that the public interest is served by a waiver. In making a determination under this section, the agency head or designee may consider engineering estimates, catalogue prices, general market availability, and availability of certified MBEs in the area in which the work is to be performed, other Bids/Proposals and subcontract Bids/Proposal substantiating significant variances between certified MBE and non-MBE cost of participation, and their impact on the overall cost of the contract to the State and any other relevant factor.

C. An agency head may waive any of the provisions of Regulations .09—.10 of this chapter for a sole source, expedited, or emergency procurement in which the public interest cannot reasonably accommodate use of those procedures.

D. When a waiver is granted, except waivers under §C of this regulation, one copy of the waiver determination and the reasons for the determination shall be kept by the MBE liaison officer with another copy forwarded to the Office of Minority Affairs.

ATTACHMENT F – FINANCIAL PROPOSAL INSTRUCTIONS

In order to assist Offerors in the preparation of their Financial Proposal and to comply with the requirements of this solicitation, Financial Proposal Instructions and a Financial Proposal Form have been prepared. Offerors shall submit their Financial Proposal on the Financial Proposal Form in accordance with the instructions on the Financial Proposal Form and as specified herein. Do not alter the Financial Proposal Form or the Proposal may be determined to be not reasonably susceptible of being selected for award. The Financial Proposal Form is to be signed and dated, where requested, by an individual who is authorized to bind the Offeror to the prices entered on the Financial Proposal Form.

The Financial Proposal Form is used to calculate the Offeror's TOTAL PROPOSAL PRICE. Follow these instructions carefully when completing your Financial Proposal Form:

- A) All Unit and Extended Prices must be clearly entered in dollars and cents, e.g., \$24.15. Make your decimal points clear and distinct.
- B) All Unit Prices must be the actual price per unit the State will pay for the specific item or service identified in this RFP and may not be contingent on any other factor or condition in any manner.
- C) All calculations shall be rounded to the nearest cent, i.e., .344 shall be .34 and .345 shall be .35.
- D) Any goods or services required through this RFP and proposed by the vendor at **No Cost to the State** must be clearly entered in the Unit Price, if appropriate, and Extended Price with **\$0.00**.
- E) Every blank in every Financial Proposal Form shall be filled in. Any changes or corrections made to the Financial Proposal Form by the Offeror prior to submission shall be initialed and dated.
- F) Except as instructed on the Financial Proposal Form, nothing shall be entered on or attached to the Financial Proposal Form that alters or proposes conditions or contingencies on the prices. Alterations and/or conditions may render the Proposal not reasonably susceptible of being selected for award.
- G) It is imperative that the prices included on the Financial Proposal Form have been entered correctly and calculated accurately by the Offeror and that the respective total prices agree with the entries on the Financial Proposal Form. Any incorrect entries or inaccurate calculations by the Offeror will be treated as provided in COMAR 21.05.03.03E and 21.05.02.12, and may cause the Proposal to be rejected.
- H) If option years are included, Offerors must submit pricing for each option year. Any option to renew will be exercised at the sole discretion of the State and will comply with all terms and conditions in force at the time the option is exercised. If exercised, the option period shall be for a period identified in the RFP at the prices entered in the Financial Proposal Form.
- I) All Financial Proposal prices entered below are to be fully loaded prices that include all costs/expenses associated with the provision of services as required by the RFP. The Financial Proposal price shall include, but is not limited to, all: labor, profit/overhead, general operating, administrative, and all other expenses and costs necessary to perform the work set forth in the solicitation. No other amounts will be paid to the Contractor. If labor rates are requested, those amounts shall be fully-loaded rates; no overtime amounts will be paid.
- J) Unless indicated elsewhere in the RFP, sample amounts used for calculations on the Financial Proposal Form are typically estimates for evaluation purposes only. Unless stated otherwise in the RFP, the Department does not guarantee a minimum or maximum number of units or usage in the performance of this Contract.
- K) Failure to adhere to any of these instructions may result in the Proposal being determined not reasonably susceptible of being selected for award.

Living Wage Requirements for Service Contracts

- A. This contract is subject to the Living Wage requirements under Md. Code Ann., State Finance and Procurement Article, Title 18, and the regulations proposed by the Commissioner of Labor and Industry (Commissioner). The Living Wage generally applies to a Contractor or Subcontractor who performs work on a State contract for services that is valued at \$100,000 or more. An employee is subject to the Living Wage if he/she is at least 18 years old or will turn 18 during the duration of the contract; works at least 13 consecutive weeks on the State Contract and spends at least one-half of the employee’s time during any work week on the State Contract.
- B. The Living Wage Law does not apply to:
- (1) A Contractor who:
 - (a) Has a State contract for services valued at less than \$100,000, or
 - (b) Employs 10 or fewer employees and has a State contract for services valued at less than \$500,000.
 - (2) A Subcontractor who:
 - (a) Performs work on a State contract for services valued at less than \$100,000,
 - (b) Employs 10 or fewer employees and performs work on a State contract for services valued at less than \$500,000, or

 - (a) Services with a Public Service Company;

 - (c) Services with an officer or other entity that is in the Executive Branch of the State government and is authorized by law to enter into a procurement (“Unit”); or
 - (d) Services between a Unit and a County or Baltimore City.
- C. If the Unit responsible for the State contract for services determines that application of the Living Wage would conflict with any applicable Federal program, the Living Wage does not apply to the contract or program.
- D. A Contractor must not split or subdivide a State contract for services, pay an employee through a third party, or treat an employee as an independent Contractor or assign work to employees to avoid

the imposition of any of the requirements of Md. Code Ann., State Finance and Procurement Article, Title 18.

- E. Each Contractor/Subcontractor, subject to the Living Wage Law, shall post in a prominent and easily accessible place at the work site(s) of covered employees a notice of the Living Wage Rates, employee rights under the law, and the name, address, and telephone number of the Commissioner.
- F.
