Case No. 9482

* * * * *

F. William DuBois
Venable LLP
750 E. Pratt Street, Suite 900
Baltimore, Maryland 21202

Dear Mr. DuBois:

The Public Service Commission (“Commission”) has reviewed the Application for a Certificate of Public Convenience and Necessity (“CPCN”) Authorizing the Modification of the Charles P. Crane Generating Station in Baltimore County, Maryland (“Application”) filed on May 31, 2018, by CP Crane LLC (“Applicant”). The Applicant is proposing to modify the existing Charles P. Crane Generating Station (“Crane Station”) in Baltimore County, Maryland, by repowering Crane Station through permanently retiring its existing coal-fired units, and installing and operating three combustion turbines fired primarily with natural gas (“Repowering Project”). Crane Station is located at 1001 Carroll Island Road, Baltimore, Maryland 21220. The Repowering Project will re-purpose existing electrical and natural gas interconnections and other infrastructure at the site to provide electricity and related services during times of peak load or system outages.

After review of the Application, the Commission hereby docket the matter as Case No. 9482, sets the matter for hearing, and delegates the matter to the Public Utility Law Judge Division to conduct the proceedings.

By Direction of the Commission,

/s/ David J. Collins

David J. Collins
Executive Secretary
