Daniel Hurson
Assistant General Counsel
Baltimore Gas and Electric Company
2 Center Plaza, 12th Floor
110 West Fayette Street
Baltimore, MD 21202

Dear Mr. Hurson:

The Maryland Public Service Commission (“Commission”) has reviewed the Application of Baltimore Gas and Electric Company (“BGE”) for a Certificate of Public Convenience and Necessity authorizing the construction of the Five Forks to Windy Edge Transmission Line Reliability Project (“Application”), which was filed on January 15, 2021.

After review of the Application, the Commission hereby docketed the matter as Case No. 9658, sets the matter for hearing, and delegates the matter to the Public Utility Law Judge Division to conduct the proceedings.

The Commission also grants the requested waiver of COMAR 20.79.02.02E, but asks BGE to determine if the application can be made available for public inspection at a BGE office closer to the project location in a safe manner, and report back to the Public Utility Law Judge Division and the Commission on its determination.

By Direction of the Commission,

/s/ Andrew S. Johnston

Andrew S. Johnston
Executive Secretary

cc: Ryan C. McLean, Chief Public Utility Law Judge
David S. Lapp, Office of People’s Counsel
