The third session will be held on Tuesday, October 12, 2021, beginning at 10:00 a.m.; the Southern Maryland Electric Cooperative and the Potomac Edison Company will provide presentations covering their individual distribution system planning practices.

Similar to the format of the first session held on September 2, 2021, the sessions will allow the Commissioners to ask questions, followed by an opportunity for stakeholders and interested persons to engage in discussion without the Commissioners present.
