DIVISION - SUPPLIER DIVERSITY
MEMORANDUM OF UNDERSTANDING**

I. INTRODUCTION

This Memorandum of Understanding (“MOU”) between the Public Service Commission of Maryland (“Commission”) and the Chesapeake Utilities Corporation – Maryland Division (“Utility” or “Company”) memorializes the understanding that the Utility voluntarily will develop, implement and consistently report on its activities and accomplishments in promoting a strategy designed to create viable and prosperous women-, minority-, and service-disabled-veteran-owned business enterprises (“Diverse Suppliers”) by providing them with the maximum reasonable opportunity to participate in and compete for contracts and subcontracts in the Utility’s supply chain for goods and services that support the Utility and to encourage and assist, when reasonable, its Prime Contractors to develop plans to increase the utilization of Diverse Suppliers as Subcontractors. The Utility’s activities shall be conducted consistent with reasonable and competitive procurement practices and consistent with the Utility’s primary public service obligation to ensure that utility services are provided to the ratepayers in the state of Maryland at just and reasonable rates.

The Utility shall use its best, reasonable efforts to facilitate and encourage the award to Diverse Suppliers of 25% of the total dollars spent for Company contracts, subcontracts and purchase orders for products and service governed by this MOU, with the understanding of the parties to this MOU that the Company is in the initial phases of implementing this MOU. Both the Company and the Commission recognize the uncertainty as to whether the goal is achievable, and neither the Company nor the Commission expects that the Company will achieve that goal in the early years of

implementation. The Commission and the Utility anticipate that the Utility will consistently work toward this goal. The Commission and the Utility, however, recognize that progress towards the goal is dependent upon, and affected by, the availability of competitive Diverse Suppliers, and that the Utility and the Commission may agree to change the goal in the future. The Commission and the Utility agree that in its efforts to achieve its Diverse Supplier objectives, the Utility shall not be limited to Maryland based Diverse Suppliers.

To implement this strategy, the Company will develop and implement procedures and reporting requirements consistent with this MOU to ensure that Diverse Suppliers have the maximum reasonable opportunity to compete for the Utility's contracts and subcontracts for the purchase of all goods and services governed by this MOU, including, but not limited to, equipment, supplies, materials, construction ventures, legal, accounting and financial services, technology-related research and development, testing, and other procurable goods and services and to encourage and assist, where reasonable, its Prime Contractors to develop plans to increase the utilization of Diverse Suppliers as Subcontractors.

Through this MOU, the Utility evidences its commitment to facilitate contracting opportunities for Diverse Suppliers. The Utility agrees to review both its existing procurement and Diverse Supplier procurement programs on an annual basis, and, where needed, modify its procurement programs and inform the Diverse Supplier community of changes in a timely fashion, with the goal of further ensuring that Diverse Suppliers will have the maximum reasonable opportunity to participate and succeed in the competition for contracts for applicable goods and services. Finally, the Utility and the Commission

agree that this MOU may be revised from time to time, with the consent of both parties, as experience is gained in its application.

II. STANDARDS

Similarly, this MOU shall not be used to require the Utility to accept anything other than the lowest qualified bid.

1.1.2. Revisions of Scope-This MOU may be revised on the basis of experience gained in its application and/or changes in legislation. Either the Utility or the Commission Staff may petition the Commission for the purpose of amending this MOU. Any such petition shall clearly set forth the changes proposed and the supporting rationale.

Information on additional selection criteria, such as warranty periods, maintenance costs, and delivery capability, shall be provided when requested if disclosure would not violate the proprietary nature of the specific contract element. The Utility need not provide this information in the event that only two companies (including the Diverse Supplier) bid on the contract;

- (5) To the extent possible, make available to Diverse Supplier contractors lists of Utility purchase/contract categories which offer them the best opportunity for success;

**CHESAPEAKE UTILITIES CORPORATION – MARYLAND
DIVISION - SUPPLIER DIVERSITY
MEMORANDUM OF UNDERSTANDING**

- (7) Summarize the Company's Diverse Supplier program in the Company's outreach and marketing program literature submitted to vendors and the business community. Such summaries shall state that the Diverse Supplier will be furnished a complete copy of this MOU upon request. DIVISION - SUPPLIER DIVERSITY
MEMORANDUM OF UNDERSTANDING**

(9) The Utility shall encourage cooperation between non-Diverse Supplier and Diverse Supplier contractors.

(10) The Utility shall work to maximize the retention of Diverse Supplier contractors so that the Utility's procurement planning and supply chain management program articulates the Goal of building sustainable and reliable service delivery by the Diverse Suppliers to the Utility or the Prime Contractor for the life of the contract.

3.3. Subcontracting Program

The Utility shall establish and maintain a subcontracting program for the purpose of encouraging its Prime Contractors to utilize Diverse Supplier Subcontractors.

3.3.1. The subcontracting program shall serve as an enhancement to, and not as a replacement for,

that include Goals for the utilization of Diverse Suppliers as Subcontractors. These plans may be incorporated into the contract between the Utility and the Prime Contractor.

3.3.5. The Utility is encouraged to incorporate in all purchase orders, requests for bid proposals, and other appropriate procurement documents related to procurement efforts subject to the subcontracting program, a statement similar to the following:

(1) It is the policy of the Utility that Diverse Suppliers shall have the maximum practicable opportunity to participate in the performance of contracts. However, this policy shall not be used to exclude qualified non-Diverse Suppliers from participating in Utility contracting.

performance of this contract.

- 3.3.6. The Utility is encouraged to inform suppliers of products and services that suppliers' good faith efforts to subcontract with Diverse Suppliers may be a factor that may be considered in the bid evaluation process. A statement to that effect may be included in all appropriate procurement documents.
- 3.3.7. The Utility shall include in its Annual Plan a description of future plans for encouraging Prime Contractors to engage Diverse Supplier Subcontractors in all procurement categories covered by this MOU which provide subcontracting opportunities.
- 3.3.8. The Utility shall include (as a separate category) amounts that were spent with Diverse Supplier Subcontractors in its Annual Report.
