Maryland Energy Storage Pilot Program

*
*

Case No. 9619

* * * * *

NOTICE OF COMMENT PERIOD

On July 18, 2023, the Commission's Staff filed comments regarding the Maryland Energy Storage Pilot Program (the "Pilot") Utility Data Reports.¹ Those comments raised concerns that the Pilot utilities were filing data without a uniform data reporting template across all utilities. Staff recommended that the Commission direct the Pilot utilities to resubmit their Pilot data reports in a common Excel format that adopts the Pepco/Delmarva data reporting and metric numbering template, as revised to include certain additional energy storage operational metrics, and with explanations for any unavailable data.

The Commission hereby directs interested persons to file written comments on Staff's Proposal by October 16, 2023. The comments should be addressed to Andrew S. Johnston, Executive Secretary, Maryland Public Service Commission, William Donald Schaefer Tower, 6 St. Paul Street, 16th Floor, Baltimore, Maryland 21202. The Commission encourages parties to use the Commission's "e-Filing" system for electronic filing.²
