PC 56

NOTICE OF FIRST EDUCATIONAL SESSION

Pursuant to Commission Order No. 90336 and in further support of Public Conference 56, the Commission's Advisory Staff, together with the Maryland Energy Administration, invite stakeholders to attend and participate in a virtual educational session to better understand federal funding opportunities for Maryland utilities and the Commission under the Infrastructure Investment and Jobs Act and the Inflation Reduction Act. This first educational session aims to provide background on the federal legislation, including funding sources, funding opportunities, implementation guidelines, application requirements, etc. The session will be held virtually on Monday, December 12, 2022, beginning at 10:00 A.M. Representatives from the U.S. Department of Energy and Venn Strategies will provide presentations on pertinent funding opportunities and share additional insight. Following the presentations, the session will allow any Commissioners in attendance to ask questions, followed by an opportunity for individual stakeholders and interested persons to engage in discussion without the Commissioners present.

If you would like to actively participate in the educational session, please contact Loretta Scofield at loretta.scofield@maryland.gov by 12:00 noon on Thursday, December 8, 2022. Anyone may watch the live stream of the session on the Commission's YouTube channel. Please direct any questions about the educational session to Joey Chen at: joey.chen@maryland.gov.

By Direction of the Commission,

/s/ Andrew S. Johnston

Andrew S. Johnston
