Maryland PSC to Hold Second Public Hearing for Solar Project in Carroll County *Proposed project has been downsized*

(BALTIMORE, MD-August 8, 2019) – The Maryland Public Service Commission will hold a second public comment hearing on the application of Citizens UB Solar, LLC to build a solar generating facility in Carroll County, Maryland and the Town of Union Bridge. The hearing will be held on **Monday, August 19, 2019, at 6:30 p.m. at the Union Bridge Fire Company, 8 W. Locust Street in Union Bridge.** Members of the public who wish to comment on the proposal are welcome to attend the hearing before Chief Public Utility Law Judge Ryan C. McLean. The first public comment hearing in this case was held October 18, 2018.

According to the applicant's revised environmental review documents, filed on April 12, 2019, the solar array will be constructed on nearly 48 acres on a parcel located on Green Valley within an unincorporated area in Carroll County. The applicant's April 12, 2019 filing indicates that the project's planned generating capacity has been reduced from 9.9 MW to 8.172 MW, and a portion of the project that was initially proposed to be located within the Town of Union Bridge has been removed--although a portion of the project's perimeter road and fence remains within the Town of Union Bridge.

The application is available for public inspection or copying at the Carroll County Development Review Office, 225 North Center Street in Westminster, and at the Town of Union Bridge, 104 West Locust Street in Union Bridge.
