## Annual Supplier Diversity Plans

# POTOMAC ELECTRIC POWER COMPANY

Annual Plan for Calendar Year  
2013

**Annual Plan for Calendar Year 2013  
 Minority, Women, and Service-Disabled Veteran-Owned  
 Business Enterprises  
 January 1, 2013 – December 31, 2013**

The following is hereby submitted as an “Annual Plan” pursuant to the State of Maryland Public Service Commission Memorandum of Understanding (“MOU”), signed on February 6, 2009. This Plan is submitted by Potomac Electric Power Company (“Pepco” or “the Company”), a Pepco Holdings, Inc. (PHI) company, for the consideration of the Maryland Public Service Commission

This plan will be in effect from January 1, 2013 through December 31, 2013, and covers the Pepco region.

The Annual Plan shall contain at least the following elements:

**1. Short, Mid and Long Term Goals set as required by Section 5, supra (MOU § 7.1.1).**

Pepco will continue efforts to increase the total percent spend with minority, women and service disabled veterans on both first and second-tier procurement to ultimately accomplish the 25% goal. As summarized below, the goals reflect the next five year period, defined in section 5.1.2 of the MOU. Long-term contracts have not been excluded and are therefore included in the total anticipated spend.

**2013 - Pepco**

Diverse Suppliers	Long-Term (5yr)
Minority	8.000%
Women	4.000%
Service-disabled veteran	2.000%
Handicapped workshops	<u>0.200%</u>
<b>Total</b>	<b>14.200%</b>

**2. A description of Diverse Supplier program activities planned for the next calendar year. This description shall include both internal and external activities (MOU § 7.1.2).**

Pepco will continue aggressive internal and external outreach efforts to identify diverse suppliers for participation in the Company’s competitive procurement programs, with a special emphasis on promoting contracting opportunities with local diverse suppliers in the Company’s green initiatives, investment, legal and other financial and professional services opportunities. Planned external activities for calendar year 2013 include:

- a. Attend monthly/bi-monthly Maryland Utility Forum meetings and actively participate in achieving the following 2013 Maryland Utility Forum goals:

- Provide purchasing opportunities for minority, women, service disabled veteran-owned business enterprises and those not for profit promoting the interests of physically or mentally disabled individuals;
  - Assure the assessment results of MOU Schedule 2 Third Party Certifying Agencies are incorporated as planned by the Maryland Public Service Commission staff;
  - Develop plan to continue the success of some diverse suppliers in investment firms, law firms, and other professional service firms;
  - Leverage utility experience to determine best practices, common goals, and supplier outreach opportunities;
  - To be the source of subject matter expertise in all matters of Supplier Diversity in the State of Maryland; and
  - Provide uniformity and consistency in reporting to ensure compliance with the Maryland Public Service Commission.
- b. Propose goals, monitor progress, highlight success, communicate areas of opportunity, and meet with suppliers and internal customers to increase opportunity.
- c. Redesign the Supplier Diversity content on the internet to make it a more modern, user-centric communications tool.
- d. Require all businesses categorized as diverse to have the business ownership confirmed by an approved third party certifier. Suppliers without third party certification will not be included as diverse suppliers in the annual report dollars.
- e. Identify and provide diverse suppliers to include in candidate bidder pools for procurements exceeding \$100,000. All requisitions require inclusion of diverse bidders or a detailed explanation why none are available.
- f. Encourage participation of Strategic Sourcing and all business partners in business and advocacy group training such as the National Minority Supplier Development Council Conference, the regional MD/DC Minority Supplier Development Council events and other regional Council events, Edison Electric Institute (“EEI”) Supplier Diversity events, Women’s Business Enterprise National Council (WBENC) and its regional partner the Women Presidents Educational Organization (WPEO) trade fairs, seminars and workshops. Ongoing program orientation and review sessions will be held to:
  - Maximize the level of opportunities for diverse suppliers;
  - Expand contracting opportunities;
  - Focus internal discussions on the use of local diverse suppliers to meet the Company’s operating requirements;
  - Educate employees on the business case for diverse supplier inclusion;
  - Identify potential suppliers for contracting opportunities; and
  - Address specific material group code goal attainment and areas requiring additional development and sourcing requirements.

- g. Discuss progress towards supplier diversity goals and any obstacles to goal attainment with the Executive Leadership team.
- h. Provide updates on Supplier Diversity issues, goal attainment, and strategies for improvement at the executive Leadership meetings, Support Services and Supply Chain meetings.
- i. Support a wide range of outreach efforts; activities are designed to identify and maximize contracting opportunities and provide education about the utility industry, procurement practices, areas of opportunity, and those areas which are saturated in the marketplace and offer limited opportunity.
- j. Participate as a member of the board of directors in various business advocacy organizations and advisory councils, and participate in conferences, trade shows, workshops, and panel discussions. Supplier Diversity provides financial, technical, and in-kind services to public and private sector organizations promoting the advancement of diverse businesses.
- k. Invite and encourage participation in outreach initiatives, and actively promotes the use of diverse suppliers. Supplier Diversity will participate and support events during 2013 to ensure the maximum level of promotion of opportunities for diverse suppliers. A sample of business advocacy organizations supported by Pepco include:
  - MD/DC Minority Supplier Development Council (MD/DC MSDC);
  - Montgomery County, Maryland Economic Development;
  - The Elite-Service-Disabled Veteran Organization;
  - Maryland Washington Minority Contractors Association;
  - Women's Business Enterprise National Council affiliates serving Maryland, DC, Delaware, New York, Pennsylvania and New Jersey;
  - PA/NJ/DE Minority Supplier Development Council (PA/NJ/DE MSDC); and
  - State of Maryland Governor's Office of Minority Affairs.
- l. Participate in regional and national organizations advocating diverse supplier development, and encourage participation by local businesses to expand their business opportunities. Some of the organizations in which Supplier Diversity members have leadership roles are listed below:
  - National Minority Supplier Development Council (NMSDC);
  - MD/DC MSDC and PA/NJ/DE MSDC;
  - Edison Electric Institute (EEI) Supplier Diversity Committee;
  - Maryland Washington Minority Contractors Association;
  - Women President's Education Organization; and
  - The Elite Service-Disabled Veteran-Owned Business Network.

Specific activities including conferences, seminars, workshops and other forums are attached in Appendix A.

**3. Plans for recruiting Diverse Suppliers of products and services where utilization has been low, such as legal and financial services, and areas that are considered highly technical in nature (MOU §7.1.3).**

- a. Pepco will consult with other large corporations to build from their successes and adopt best practices in these areas.
- b. The Company will use the material group code (Appendix B) process to identify where there are gaps in diverse business presence and will map these areas to NAICS codes for reporting.
- c. Pepco will continue sessions internally with business partners to advance understanding of the goals and departmental responsibilities, and identify and expand areas of opportunity for diverse suppliers.
- d. The Company will analyze the areas where diverse businesses have been unsuccessful in the bidding process and develop plans to identify alternative suppliers or understand the reasons why the diverse suppliers have been unsuccessful.
- e. Pepco will work closely to identify diverse suppliers to support Pepco's power delivery operations and support services. Supplier Diversity will continue to work with cross-functional teams in the development of major projects to ensure diverse inclusion.
- f. Pepco will continue to build on successes in identifying suppliers in professional service areas.
- g. Supplier Diversity will continue to work with operating areas and conduct Supplier Diversity business briefings/outreach during 2013 to communicate specific business needs, operational requirements, and upcoming opportunities to increase the number of procurement opportunities for diverse suppliers.
- h. The Company will advertise in targeted advocacy publications locally and nationally. The current ad is attached as Appendix C. A new ad copy for 2013 is being developed.

**4a. Plans for seeking and recruiting Diverse Suppliers through efforts such as small business incubators for products or services where Diverse Suppliers are currently unavailable (MOU §7.1.4a).**

Pepco will work closely with the Maryland Utility Forum, state and county government economic development departments and advocacy groups to identify suppliers of products and services currently unavailable.

**4b. Plans for seeking and recruiting Diverse Suppliers of products or services where Diverse Suppliers are currently unavailable (MOU §7.1.4b).**

- a. Pepco will work through the Maryland Utility Forum, the Edison Electric Institute network and other business advocacy groups to identify diverse contracting and supplies in areas currently where diverse suppliers are not available.
- b. Pepco will continue active memberships in advocacy groups and participate in events to speak directly with suppliers and provide information about products and services PHI buys and the procurement processes.
- c. PHI entered into a contract in 2012 with CVM Solution which has a "Supplier Locator" which will assist in the identification of diverse suppliers. CVM Solutions has, in addition, a second-tier component which may yield new diverse suppliers on a first tier basis.

**5. Plans for encouraging Prime Contractors to engage Diverse Suppliers in all categories which provide subcontracting opportunities (MOU § 7.1.5).**

- a. Language in the terms and conditions of contracts includes the use of diverse suppliers on direct subcontracting opportunities and contract evaluation processes that give weight to bidders that provide subcontracting opportunities to diverse suppliers.
- b. Pepco assures that the clause entitled "Utilization of Small Business Concerns" is included in all contracts that offer further subcontracting opportunities. All subcontractors (except small business concerns) who receive contracts in excess of \$550,000 (\$1,000,000 for construction) will be required to adopt a subcontracting plan.
- c. Construction projects will strongly encourage the use of diverse suppliers as prime contractors and to encourage large and majority suppliers to maximize the use of diverse suppliers.

**6. Plans for complying with the established Diverse Supplier program guidelines established by the Commission. The Commission's Staff will be responsible for developing, periodically refining, and recommending such guidelines for the Commission's adoption in an appropriate procedural forum (MOU § 7.1.6).**

- a. Pepco had a second tier reporting and tracking system for the first three quarters in 2012. The platform provider notified PHI it would no longer provide the second tier services which required a new provider. The new 2013 contract has a supplier locator system containing the diverse status and diverse source (certifying agency) for each supplier along with expiration dates. This system will be used to support verification of diverse ownership.
- b. A report was submitted by the Maryland Utility Forum to the Maryland Public Service Commission on July 17, 2012 updating the list of certifying bodies and proposing an

amendment of the current MOU Schedule 2. Pepco will use the updated list of third party certification providers.

- c. Pepco will continue to work with the Maryland Utility Forum to share successes, issues and concerns common to all the utilities and work with the Commission staff on those issues.
- d. Pepco will submit the Annual Reports as outlined in Section 6 of the MOU.

# DELMARVA POWER & LIGHT

Annual Plan for Calendar Year  
2013

**Annual Plan for Calendar Year 2013**  
**Minority, Women, and Service-Disabled Veteran-Owned**  
**Business Enterprises**  
**January 1, 2013 – December 31, 2013**

The following is hereby submitted as an “Annual Plan” pursuant to the State of Maryland Public Service Commission Memorandum of Understanding (“MOU”), signed on February 6, 2009. This Plan is submitted by Delmarva Power & Light (“Delmarva” or “the Company”), a Pepco Holdings, Inc. (PHI) company, for the consideration of the Maryland Public Service Commission

This plan will be in effect from January 1, 2013 through December 31, 2013, and covers the Pepco region.

The Annual Plan shall contain at least the following elements:

**1. Short, Mid and Long Term Goals set as required by Section 5, supra (MOU § 7.1.1).**

Delmarva Power will continue efforts to increase the total percent spend with minority, women and service disabled veterans on both first and second-tier procurement to ultimately accomplish the 25% goal. As summarized below, the goals reflect the next five year period, defined in section 5.1.2 of the MOU. Long-term contracts have not been excluded and are therefore included in the total anticipated spend.

**2013 Delmarva Power & Light**

Diverse Suppliers	Long-Term (5yr)
Minority	8.000%
Women	4.000%
Service-disabled veteran	2.000%
Handicapped workshops	<u>0.200%</u>
<b>Total</b>	<b>14.200%</b>

**2. A description of Diverse Supplier program activities planned for the next calendar year. This description shall include both internal and external activities (MOU § 7.1.2).**

Delmarva Power will continue aggressive internal and external outreach efforts to identify diverse suppliers for participation in the Company’s competitive procurement programs, with a special emphasis on promoting contracting opportunities with local diverse suppliers in the Company’s green initiatives, investment, legal and other financial and professional services opportunities. Planned external activities for calendar year 2013 include:

- a. Attend monthly/bi-monthly Maryland Utility Forum meetings and actively participate in achieving the following 2013 Maryland Utility Forum goals:

- Provide purchasing opportunities for minority, women, service disabled veteran-owned business enterprises and those not for profit promoting the interests of physically or mentally disabled individuals;
  - Assure the assessment results of MOU Schedule 2 Third Party Certifying Agencies are incorporated as planned by the Maryland Public Service Commission staff;
  - Develop plan to continue the success of some diverse suppliers in investment firms, law firms, and other professional service firms;
  - Leverage utility experience to determine best practices, common goals, and supplier outreach opportunities;
  - To be the source of subject matter expertise in all matters of Supplier Diversity in the State of Maryland; and
  - Provide uniformity and consistency in reporting to ensure compliance with the Maryland Public Service Commission.
- b. Propose goals, monitor progress, highlight success, communicate areas of opportunity, and meet with suppliers and internal customers to increase opportunity.
- c. Redesign the Supplier Diversity content on the internet to make it a more modern, user-centric communications tool.
- d. Require all businesses categorized as diverse to have the business ownership confirmed by an approved third party certifier. Suppliers without third party certification will not be included as diverse suppliers in the annual report dollars.
- e. Identify and provide diverse suppliers to include in candidate bidder pools for procurements exceeding \$100,000. All requisitions require inclusion of diverse bidders or a detailed explanation why none are available.
- f. Encourage participation of Strategic Sourcing and all business partners in business and advocacy group training such as the National Minority Supplier Development Council Conference, the regional PA/J/DE Minority Supplier Development Council events and other regional Council events, Edison Electric Institute (“EEI”) Supplier Diversity events, Women’s Business Enterprise National Council (WBENC) and its regional partner the Women’s Business Enterprise Council (WBEC) of PA/NJ/DE trade fairs, seminars and workshops, NJAWBO/New Jersey Association of Women Business Owners, and the New Jersey Bureau of Public Utilities Supplier Diversity Development Council (SDDC). Ongoing program orientation and review sessions will be held to:
- Maximize the level of opportunities for diverse suppliers;
  - Expand contracting opportunities;
  - Focus internal discussions on the use of local diverse suppliers to meet the Company’s operating requirements;
  - Educate employees on the business case for diverse supplier inclusion;
  - Identify potential suppliers for contracting opportunities; and
  - Address specific material group code goal attainment and areas requiring additional development and sourcing requirements.

- g. Discuss progress towards supplier diversity goals and any obstacles to goal attainment with the Executive leadership team.
- h. Provide updates on Supplier Diversity issues, goal attainment, and strategies for improvement at the executive Leadership meetings, Support Services and Supply Chain meetings.
- i. Support a wide range of outreach efforts; activities are designed to identify and maximize contracting opportunities and provide education about the utility industry, procurement practices, areas of opportunity, and those areas which are saturated in the marketplace and offer limited opportunity.
- j. Participate as a member of the board of directors in various business advocacy organizations and advisory councils, and participate in conferences, trade shows, workshops, and panel discussions. Supplier Diversity provides financial, technical, and in-kind services to public and private sector organizations promoting the advancement of diverse businesses.
- k. Invite and encourages participation in outreach initiatives, and actively promotes the use of diverse suppliers. Supplier Diversity will participate and support events during 2013 to ensure the maximum level of promotion of opportunities for diverse suppliers. A sample of business advocacy organizations supported by Delmarva Power include:
  - PA/NJ/DE Minority Supplier Development Council (PA/NJ/DE MSDC);
  - MD/DC Minority Supplier Development Council (MD/DC MSDC);
  - New Jersey Bureau of Public Utilities SDDC;
  - The Elite-Service-Disabled Veteran Organization;
  - Maryland Washington Minority Contractors Association;
  - Women's Business Enterprise National Council affiliates serving Maryland, DC, Delaware, New York, Pennsylvania and New Jersey;
  - NJAWBO/New Jersey Association of Women Business Owners; and
  - State of Maryland Governor's Office of Minority Affairs.
- l. Participate in regional and national organizations advocating diverse supplier development, and encourages participation by local businesses to expand their business opportunities. Some of the organizations in which Supplier Diversity members have leadership roles are listed below:
  - National Minority Supplier Development Council (NMSDC);
  - MD/DC MSDC and PA/NJ/DE MSDC;
  - Edison Electric Institute (EEI) Supplier Diversity Committee;
  - NJAWBO/New Jersey Association of Women Business Owners;
  - Maryland Washington Minority Contractors Association;
  - PA/NJ/DE Women's Business Enterprise Council; and
  - The Elite Service-Disabled Veteran-Owned Business Network

Specific activities including conferences, seminars, workshops and other forums are attached in Appendix A.

**3. Plans for recruiting Diverse Suppliers of products and services where utilization has been low, such as legal and financial services, and areas that are considered highly technical in nature (MOU §7.1.3).**

- a. Delmarva Power will consult with other large corporations to build from their successes and adopt best practices, in these areas.
- b. The Company will use the material group code (Appendix B) process to identify where there are gaps in diverse business presence and will map these areas to NAICS codes for reporting.
- c. Delmarva Power will continue sessions internally with business partners to advance understanding of the goals and departmental responsibilities, and identify and expand areas of opportunity for diverse suppliers.
- d. The Company will analyze the areas where diverse businesses have been unsuccessful in the bidding process and develop plans to identify alternative suppliers or understand the reasons why the diverse suppliers have been unsuccessful.
- e. Delmarva Power will work closely to identify diverse suppliers to support the Company's power delivery operations and support services. Supplier Diversity will continue to work with cross-functional teams in the development of major projects to ensure diverse inclusion.
- f. Delmarva Power will continue to build on successes in identifying suppliers in professional service areas.
- g. Supplier Diversity will continue to work with operating areas and conduct Supplier Diversity business briefings/outreach during 2013 to communicate specific business needs, operational requirements, and upcoming opportunities to increase the number of procurement opportunities for diverse suppliers.
- h. The Company will advertise in targeted advocacy publications locally and nationally. The current ad is attached as Appendix C. A new ad copy for 2013 is being developed.

**4a. Plans for seeking and recruiting Diverse Suppliers through efforts such as small business incubators for products or services where Diverse Suppliers are currently unavailable (MOU §7.1.4a).**

Delmarva Power will work closely with the Maryland Utility Forum, state and county government economic development departments and advocacy groups to identify suppliers of products and services currently unavailable.

**4b. Plans for seeking and recruiting Diverse Suppliers of products or services where Diverse Suppliers are currently unavailable (MOU §7.1.4b).**

- a. Delmarva Power will work through the Maryland Utility Forum, the Edison Electric Institute network and other business advocacy groups to identify diverse contracting and supplies in areas currently where diverse suppliers are not available.
- b. Delmarva Power will continue active memberships in advocacy groups and participate in events to speak directly with suppliers and provide information about products and services PHI buys and the procurement processes.
- c. PHI entered into a contract in 2012 with CVM Solution which has a "Supplier Locator" which will assist in the identification of diverse suppliers. CVM Solutions has, in addition, a second-tier component which may yield new diverse suppliers on a first tier basis.

**5. Plans for encouraging Prime Contractors to engage Diverse Suppliers in all categories which provide subcontracting opportunities (MOU § 7.1.5).**

- a. Language in the terms and conditions of contracts includes the use of diverse suppliers on direct subcontracting opportunities and contract evaluation processes that give weight to bidders that provide subcontracting opportunities to diverse suppliers.
- b. Delmarva Power assures that the clause entitled "Utilization of Small Business Concerns" is included in all contracts that offer further subcontracting opportunities. All subcontractors (except small business concerns) who receive contracts in excess of \$550,000 (\$1,000,000 for construction) will be required to adopt a subcontracting plan.
- c. Construction projects will strongly encourage the use of diverse suppliers as prime contractors and to encourage large and majority suppliers to maximize the use of diverse suppliers.

**6. Plans for complying with the established Diverse Supplier program guidelines established by the Commission. The Commission's Staff will be responsible for developing, periodically refining, and recommending such guidelines for the Commission's adoption in an appropriate procedural forum (MOU § 7.1.6).**

- a. Delmarva Power had a second tier reporting and tracking system for the first three quarters in 2012. The platform provider notified PHI it would no longer provide the second tier services which required a new provider. The new 2013 contract has a supplier locator system containing the diverse status and diverse source (certifying agency) for each supplier along with expiration dates. This system will be used to support verification of diverse ownership.

- b. A report was submitted by the Maryland Utility Forum to the Maryland Public Service Commission on July 17, 2012 updating the list of certifying bodies and proposing an amendment of the current MOU Schedule 2. Delmarva Power will use the updated list of third party certification providers.
- c. Delmarva Power will continue to work with the Maryland Utility Forum to share successes, issues and concerns common to all the utilities and work with the Commission staff on those issues.
- d. Delmarva Power will submit the Annual Reports as outlined in Section 6 of the MOU.

# A DIVERSE APPROACH TO A COMMON GOAL.

Building relationships. Forging strategic partnerships. Our commitment to working with small and diverse suppliers is what powers us to be our best. By expanding opportunities for certified diverse businesses, we can help provide greater value for our customers. And that's a connection we're proud to make.

Atlantic City Electric • Delmarva Power • Pepco
