PUBLIC SERVICE COMMISSION

For Immediate Release

Maryland PSC Schedules Second Public Hearing for Sandpiper Energy Rate Request

(BALTIMORE, MD—September 14, 2016)—A second public comment hearing will be held on **Tuesday, September 20, 2016 at 6:30pm** for Sandpiper Energy Inc.'s application to increase its natural gas and propane rates. A public hearing was held in March of this year; the second hearing concerns a proposed settlement agreement in the case among Sandpiper, the Maryland Office of People's Counsel and the Staff of the Maryland Public Service Commission.

The hearing will be held at **Stephen Decatur High School (Auditorium), 9913 Seahawk Road in Berlin**. Members of the public who wish to comment on the matter are welcome to attend the proceeding before Public Utility Law Judge Robert H. McGowan.

Under the terms of the proposed settlement, **residential** customer volumetric rates based on usage will decrease over time, but the \$4.50 fixed monthly customer charge will initially increase to \$6.50, \$8 or \$10 depending on the customer's rate class, and then remain the same until the Commission approves any future changes. In addition, the proposed settlement calls for several new non-recurring charges and creates additional **commercial** rate classes based on usage levels.

The proposed settlement, among other changes, will authorize financial incentives for builders who install gas or propane in multi-family housing units, and allow poultry houses to bypass the minimum consumption requirements usually needed to qualify for a negotiated rate for gas delivery service.
